

MARKET NOTICE

Date: 01 September 2009

Market Notice Number: 42

Subject: Fix Transactional Gateway Update

As part of Equiduct's ongoing performance enhancement roadmap we will be updating the FIX Transactional Gateway on 4th September 2009 after market close. The updated FIX transactional Gateway is fully backward compatible and requires no action on your side.

This version of the FIX Gateway has been available for testing in Equiduct's UAT Environment since 10th August 2009.

If you encounter any problems or have any questions, please do not hesitate to contact Market Control.
